
COURSE DESCRIPTION

The first of three courses in the Herb Formulae series. These courses can be taken in any order. The Herb Formulae series analyzes the functions, ingredients, and properties of approximately 250 herb formulas. An emphasis is placed on the roles played by the individual herbs in the formulae and the pathology patterns for which each formula is used clinically. Categories covered in Formulae I include the Release the Exterior, Drain Downwards, Clear Heat, Harmonizing, and Warm the Interior formulas.

LEARNING OBJECTIVES

Upon completion of this course, a successful student will be able to list the ingredients, and their functions, to write the names of herbal formulae; to indicate which formulae should be utilized in certain conditions when given the symptoms.
