
COURSE DESCRIPTION

The second of four courses in Chinese Internal Medicine. Chinese Internal Medicine II covers specific syndromes of the upper Jiao, or the upper body, including but not limited to respiratory issues, headaches, wind stroke, dizziness, palpitations, and Multiple Sclerosis. Students will learn to identify specific patterns and symptoms associated with the pathologies, along with the treatment protocols and recommendations for treatment utilizing acupuncture, herbal medicine, other TCM modalities, plus lifestyle counseling and self-care recommendations.

LEARNING OBJECTIVES

Upon completion of this course, a successful student will be able to identify the symptoms associated with specific upper jiao syndromes, and to identify the pathology, diagnosis and treatment plan.

COURSE REQUIREMENTS

Out-of-Class Work

To successfully complete the program, students need to plan studying a minimum of 2 hours out-of-class for each academic in-class hour; and half an hour out-of-class for each hour of clinical training.

30% Midterm 30% Final Exam 30% participation, 10% attendance

GRADING SCALE: 100-90% A, 89-80% B, 79-70% C, 69% and below F

SPECIAL NOTES

No Recording!

Professionalism and Full and Prompt Attendance: To pass any course (separate from academic performance) all students must meet requirements for professionalism in coursework. Professionalism includes full and prompt attendance: Students who miss more than 2 class meetings in a 10-week course will earn an F in that course. Additionally, students who arrive more than 15 minutes to class or leave class before it ends will be marked tardy. Two tardies equal one absence. NOTE: Students who leave and return to class late from a break or leave during the class (especially if this is repeated) or who disrupt the class in other ways may be referred to the Academic Dean for
