

EMPEROR'S COLLEGE
MTOM COURSE SYLLABUS
CHINESE INTERNAL MEDICINE IV

COURSE DESCRIPTION

The fourth of the series in Chinese Internal Medicine. Chinese Internal Medicine IV covers specific syndromes of the Lung organ, including but not limited to asthma, influenza, allergic rhinitis, coughing, and breathlessness. Students will learn to identify specific patterns and symptoms associated with the pathologies, along with the treatment protocols and recommendations for treatment utilizing acupuncture, herbal medicine, other TCM modalities, plus lifestyle counseling and self-care recommendations.

LEARNING OBJECTIVES

Upon completion of this course, a successful student will be able to identify the symptoms, pathology, diagnosis, and treatment plans for the specific Lung syndromes covered.

COURSE PREREQUISITES

Acupuncture Anatomy, Acupuncture Therapeutics, Zang Fu II, Herb Formulae I-III, Anatomy/Physiology I-IV, Mid-Curriculum Exam

30% Quiz #1

30% Quiz #2

40% Final Exam

GRADING SCALE: 100-90% A, 89-80% B, 79-70% C, 69% and below F

SPECIAL NOTES

Professionalism and Full and Prompt Attendance: To pass any course (separate from academic performance) all students must meet requirements for professionalism in coursework. Professionalism includes full and prompt attendance: students who miss more than 2 class meetings in a 10-week course will earn an F in that course. Additionally, students who arrive more than 15 minutes to class or leave class before it ends will be given ½ absence towards attendance. NOTE: Students who leave and return to class late from a break or leave during the class (especially if this is repeated) or who disrupt the class in other ways may earn an F in that class and/or be referred to the Academic Dean for professionalism.
