

Student Budget MTOM Program 2014-2015

A standard student budget is constructed for all financial aid recipients, which includes the average costs associated with attending Emperor's College. Average student costs for various categories in the budgets are developed by the Financial Aid Office, using surveyed information provided by the California Student Aid Commission and the Department of Defense basic allowance for housing.

Standard student budgets are constructed recognizing different costs for two categories of students: off campus or with parents.
