

Dear Members of the Emperor's College Community:

The dragon and the tiger are symbolic in the I Ching, the Book of Changes, representing different approaches to seasonal energies. These two energies can be seen as 'the ascent of the dragon lines' and 'changing like a tiger', thus after summer solstice the yang energies start to wane it is the yin energies that need to be nourished...

### **New Faculty and New Elective**

I am pleased to announce a newly added elective EL770 Pain Management and treatment with Advanced Auricular (Dr. Nogier) offered this coming Fall quarter, taught by Jacqueline Adler M.D. She will be joining our college in the Fall quarter as yet another incredible professor for our MTOM and DAOM programs. She graduated from medical school at UTMB, the University of Texas Medical Branch, in Galveston, Texas. She completed her Internal Medicine Residency at UCSF, San Francisco. Prior to medical school, she completed her Masters of Public Health with emphasis in environmental epidemiology. It was during this program that her dedication to disadvantaged populations and world health issues became focused. It was a natural decision to go on to the London School of Hygiene & Tropical Medicine for additional training. After returning from London, she completed an Infectious Diseases Fellowship at Stanford.

While at Stanford, Dr. Adler completed additional training at the Stanford Faculty Developmental Center for Medical Teachers. Since this time, she has acted as visiting faculty in Phnom Penh, Cambodia at the University of Health Sciences. In addition, she has been affiliated with the University of Washington School of Medicine, teaching 3rd and 4th year medical students. As a team leader in the clinical setting, she strives to find 5-minute teaching sound bites for all levels of the medical staff. Her vast enthusiasm for teaching continues to this day.

Dr. Adler's scope of medical practice has been broad. Her interest in acupuncture and Oriental medicine began in the mid-1970's when she began seeing a Chinese acupuncturist for her own personal health. Her formal training in acupuncture began in 1985 through UCLA. Since that time she has become a practitioner of Auricular Acupuncture. She has trained under Dr. Terry Oleson, Dr. Richard Nietzow and Dr. Rafael Nogier. Dr. Adler brings to Emperor's an excitement and passion for bridging and uniting the diverse paradigms and world views of both eastern and western medicine.

New faculty also include Dr. Derek Plonka, DPT, LAc, who is a DAOM Faculty and Capstone Advisor, will teach the imaging class. Elizabeth Fine DAOM fellow will be teaching Zang Fu I and the intro to Herbal medicine. Dr. Gretchen Badami who had been teaching these classes is on maternity leave until Summer 2019. Dr. Jin Kim is back in the clinic for the Korean concentration shift this Fall. Also an updated Korean Concentration will start Winter quarter 2019.

Our Associate Dean, Bruce Gustafson, DAOM Fellow, is looking forward to seeing many of you for counseling during the next few weeks. I recommend that each of you check in with him to get an update on just where you are in your program and to be sure you are planning your course schedule in accordance with the prerequisite and any of the Concentrations tracks. Please contact Marcia for a time for counseling with Bruce. The recommended course sequence can be found at:

[www.emperors.edu/masters-program/current-students/calendars-and-schedules](http://www.emperors.edu/masters-program/current-students/calendars-and-schedules).

Lastly, we want to express our gratitude to Dr. Patrick Downie, who is relocating to Florida, at the end of Summer quarter. He will continue to teach in the DAOM program and serve as a Capstone Advisor.

Jacques MoraMarco, DAOM, OMD, LAc.
