

Winter Quarter 2019 Welcome Message from the Dean

Dear Members of the Emperor's College Community:

I am pleased to announce that the Korean Concentration is back for the Winter quarter 2019! Dr. Jin Kim is continuing the work of his mentor the late Dr. Jae Hoon Kim. The following four Electives are all part of our Concentrations.

Linda Fields, DAOM will be teaching the TCM Pediatrics. Dr. Fields has had a long term interest in Pediatrics, an area of focus in her DAOM medical presentations and in her clinical practice.

Dr. Jacqueline Adler MD will be teaching Intro to OM Research. Dr. Adler has extensive experience in peer reviewed medical literature and its relevant applications to contemporary medical practice.

The course descriptions of these Electives, as well as their prerequisites, will be posted on the student announcement board across from Room A. EL 312 Korean Acupuncture I- Jin Kim (Korean Concentration); EL317 - Advanced Moxa - Lorraine Wilcox (Classics Concentration); EI255-Jade Woman Qi Gong - Helena Zhang (Nei Gong Concentration); EL 536 East/ West Spices and Herbs- Sergei Shaginyan (East/West Nutrition).

If you have any questions about the Concentrations or any of these electives, please make a time with Marcia to see me prior and during registration time.

Our Associate Dean, Bruce Gustafson, is looking forward to seeing many of you for counseling during the next few weeks. I recommend that each of you check in with him to get an update on just where you are in your process through the program and also so that you can be sure you are planning your course schedule in accordance with the prerequisites and pace. Please contact Marcia to set up a time for counseling with myself or Bruce.

The recommended course sequence can be found at: www.emperors.edu/masters-program/current-students/calendars-and-schedules.

The schedule of classes and clinic shifts will be posted on the website after 5 pm, October 17th. I would like to end with one of my favorite verses from Chapter 2 of the Su Wen:

"The 3 months of winter Are called closing and storing. Water freezes, Earth cracks. No more influence from the yang. One goes to bed early; one gets up late."

Jacques MoraMarco, DAOM, OMD, LAc
